

# Sika Colma Cleaner

Construction

**Description** Sika Cleaner is a grease-free solvent specially formulated for the precleaning of bond faces and the cleaning of tools and equipment.

**Areas of Application** Sika Colma Cleaner is used to remove traces of mould release oils and other industrial contaminants from the following substrates: light metals and alloys, steel, stainless steels and GRP. Sika Colma Cleaner should not be used on porous substrates, plastic and paints.

**Method of Application** Soak a clean rag or lint-free paper towel in Sika Colma Cleaner and rub bond face(s) to remove surface contaminants.

Drying time: minimum of 15 minutes. Then wipe with Sika-Cleaner 205 or apply appropriate Sika-Primer. For information and advice on the safe handling, storage and disposal of chemical products, users should refer to the actual Material Safety Data Sheet containing physical, ecological, toxicological and other safety-related data.

## Technical Product Data

Chemical base	Solvent based cleaner
Colour	Transparent, clear
Density (DIN 51757)	0.85kg/l
Viscosity	1mPas approx.
Flash point (DIN 51755)	14°C approx.
Drying time (23°C/50% R.H.)	15 minutes minimum
Storage	Store in sealed container in a cool dry place. Shelf life 24 months
Transport	Classified as hazardous substance, special Safety Data Sheet (UN No. 1219) is available from Sika on request.

**Further Information** Copies of the following publications are available on request:

- Material Safety Data Sheet
- Sika Primer Table

**Important Notification** The information, and, in particular, the recommendations relating to the application and end-use of Sika's products, are given in good faith based on Sika's current knowledge and experience of the products when properly stored, handled and applied under normal conditions. In practice, the differences in materials, substrates and actual site conditions are such that no warranty in respect of merchantability or of fitness for a particular purpose, nor any liability arising out of any legal relationship whatsoever, can be inferred either from this information, or from any written recommendations, or from any other advice offered. The proprietary rights of third parties must be observed. All orders are accepted subject of our terms and conditions of sale. Users should always refer to the most recent issue of the Technical Data Sheet for the product concerned, copies of which will be supplied on request.

PLEASE CONSULT OUR TECHNICAL DEPARTMENT FOR FURTHER INFORMATION.
